KUMA Design

Today's fashion world is mainly about volume and not so much about celebrating uniqueness. As an artist I am always striving to make the ordinary look extraordinary. So I set out to a quest to prove that modern desire for practicality can also be found in traditional handicrafts. But it had to be something that would stand the test of time.

Care instructions

- ❖ Wash woollen clothes as rarely as possible, we recommend airing items out rather than washing.
- ❖ Wash woollen items separately from other textiles. The washing water should be no hotter than 30°C.
- ❖ Use wool-friendly detergents and conditioners, preferably ones that contain lanolin.
- ❖ When hand-washing, avoid rubbing, wash by gently massaging. Rinse thoroughly. Squeeze out excess water.
- ❖ Dry knitwear on a flat surface. Avoid high temperature.
- ❖ When machine-washing, use the gentlest setting with the temperature no hotter than 30°C.
- ❖ Do not iron. If necessary, pull item back into shape while damp or steam lightly.
- ❖ Instructions are also printed on the care label.

Hõbe Vodka

Vodka

Hõbe Vodka is a premium vodka that is made for celebrating special occasions.

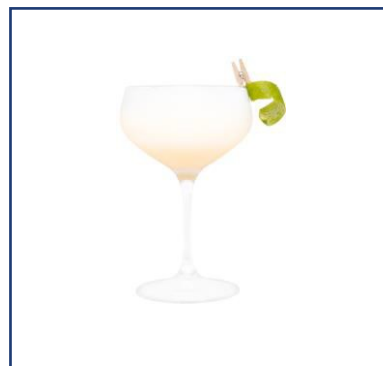

Hõbe filtration takes almost three times as long as the ordinary production method – but the end product is more than worth it. Hõbe means 'silver' in English and the vodka carries this name for a reason, because it passes through a multi-level cascade filtration system

– first a charcoal filter, then 29 silver filter elements that give the drink its pure taste. Finally, the vodka enters a polishing filter, which gives it its unique brilliance.

Vana Tallinn

Liqueur

Vana Tallinn is world's most popular Estonian liqueur. A true patriot and ambassador of Estonia abroad.

Vana Tallinn is an exceptional liqueur. The unique combination of components include rum from Jamaica, enhanced by vanilla bean pods, orange, lemon and bitter orange oils. However, the drink gets its intriguingly bitter flavour and exotic aroma from cinnamon bark.

Re-Crafted Crafter's Junibeer 3,2%

Beer

Junibeer is a refreshing and moderately sweet juniper beer that is made by fermenting Crafter's gin distillation residue.

The drink has a silky-structured taste with bitter, woody notes of juniper. Inspired by zero-waste production, a green living environment and the search for new sensations. The organic sugar contained in them is fermented into alcohol to obtain a novel juniper beer.

No flavourings added, lactose and gluten free, the drink is also suitable for vegans. The product may contain sediment. Serve chilled.

Re-crafted Crafter's Junibeer 0%

Soft drink

Junibeer is a refreshing and moderately sweet soft drink. A one of a kind taste profile is characteristic of the juniper berry – bittersweet with wooden notes and a silky structure. Re-Crafted Crafter's is the result of promoting zero waste production and pursuing new sensory experiences. Junibeer is an alcohol-free soft drink made from juniper berries, once used in Crafter's gin distillation.

No flavourings added, lactose and gluten free, the drink is also suitable for vegans. The product may contain sediment. Serve chilled.
